FULL STACK DIGITAL MARKETER · PORTFOLIO 2026

Hey,

# I'm Isuru Marasinghe

## Performance marketer, media buyer & creative strategist.

Paid media across Meta, Google, TikTok, LinkedIn and programmatic, with the creative direction, measurement and lifecycle work that turns a click into revenue.

MBA (UK), ACIM (UK), PgDip.M (UK), AMSLIM (SL), CLSSWB, CDMP (USA), BM (Hons) in Marketing - First Class (Horizon Campus - SL)

# A full-stack approach to performance

Over the years I've worked with brands across **e-commerce, real estate, higher education, SaaS and service businesses**, from single-founder stores to full media productions for Fortune 500 clients, and managed **USD 4.5M in ad spend** across Meta, TikTok, Google and programmatic.

I scale brands through a full-stack performance approach. I don't just manage ad spend; I engineer the entire conversion journey, from the creative that earns attention to the CRM stage where a lead becomes revenue.

> Media buying is a commodity. Creative is the variable of success.

So I use data to inform creative strategy, and creative to drive down acquisition costs. Deep technical control of Meta, TikTok and Google Ads, combined with hands-on creative direction, is what turns attention into measurable revenue.

# Four disciplines, one funnel

Creative, media, measurement and retention run as one system, because a cheap click is worthless if the page, the follow-up or the tracking lets it go.

## Creative Direction & Strategy

Ideas and hooks built on audience pain points and psychological triggers, tested with the same rigour as media.

- **Creative strategy.** Angles, hooks and messaging frameworks derived from audience research.
- **Direct-response design.** UGC video scripts, static ad frameworks and motion graphics that convert.
- **Modular testing.** Hooks, bodies and CTAs tested separately to find winners scientifically.
- **Content briefing.** Creators and designers directed to produce social-first assets.

## Paid Media Management

Full-funnel buying across the platforms where intent and attention actually live.

- **Meta & TikTok.** Scaling structures with CBO and ABO, Advantage+ and broad targeting.
- **Google Search & Performance Max.** Complex keyword architectures for high-intent demand.
- **LinkedIn ABM.** Account-based targeting for B2B lead generation.
- **Programmatic.** Eskimi DSP and Oracle BlueKai beyond the walled gardens.
- **Retargeting.** Multi-touchpoint sequences that reduce funnel drop-off.

## Data, Analytics & Tracking

Measurement that survives privacy changes and tells the truth about top-of-funnel spend.

- **Measurement protocols.** Full setup of GA4, Google Tag Manager and the Meta Conversions API.
- **Attribution modelling.** Beyond last click, to understand the real impact of awareness spend.
- **Reporting.** Dashboards that tie spend to leads, revenue and pipeline stage.

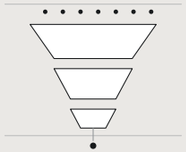

## Lifecycle & Retention

The revenue that happens after the click: email, flows and a CRM that closes the loop.

- **Email & flows.** Klaviyo campaigns and automated flows for Shopify stores.
- **CRM pipeline.** Lead status, qualification and follow-up feeding back into targeting.
- **Conversion rate.** Landing page and offer iteration driven by funnel data.

# What clients say

> Isuru has a rare combination of strategic acumen and hands-on execution skills, which makes him a true asset to any organisation.

**Andry Steliou**
Co-founder, Diploma Credits

> He treats a campaign as a whole funnel, not a media plan. Our student recruitment became predictable, measurable and far cheaper per application.

**Dr. Priyanka Darshana**
Managing Director, ESM Global

> Sharp on strategy and hands-on in the accounts. Isuru set up our tracking properly first, then scaled the campaigns on real data rather than assumptions.

**Hrach Kalsahakian**
Founder, Consider Consultancy

> Isuru brought creative direction and performance discipline to our intake campaigns. Every asset had a purpose, and every dollar spent had a report behind it.

**Asanka Wijeratne**
Head of Business, Kingsford College of Business & Technology

> Our projects photograph beautifully, but Isuru turned that into enquiries: high-intent leads, well-briefed creative and clear weekly numbers.

**Farzad Sarikhani**
Founder, Nextpoint Decoration Design & Fitout

> A rare mix of brand sense and performance rigour. Isuru's creative testing found the hooks that worked and doubled down on them fast.

**Sha-Akeel Cader**
Assistant Brand Manager, American Premium Water
